To Whom It May Concern -

Snooze, an A.M. Eatery has worked with RTF Construction, and specifically Buddy Marrieta, for the last year and a half. They have successfully built two of our restaurants in the greater Atlanta market and are currently working on a third location that will open in Q1 – 2024.

We have been very pleased with their commitment to every facet of the building process. From obviously competitive bids to their solid sub-contractor base, timeliness of RFI's and Change Order requests, scheduling and progress updates, and project supervision, Snooze Eatery is proud to have RTF Construction as one of their development partners.

We can highly recommend them for partnering with your company's growth.

Sincerely,

A handwritten signature in black ink that reads "Bill Wallace". The signature is fluid and cursive, with a long horizontal line extending from the end.

Bill Wallace  
Senior Construction Manager  
Snooze Eatery
