

LEBANON

BAPTIST CHURCH

November 19, 2024

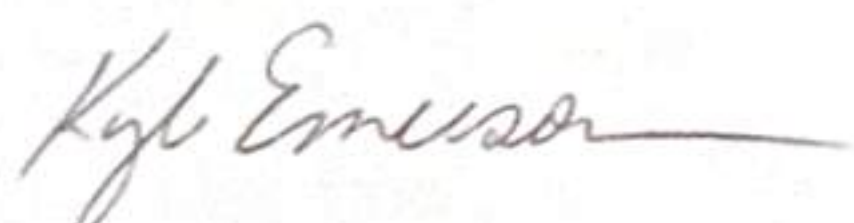

To Whom It May Concern,

I am writing this reference letter to commend RTF Construction for a job well done at Lebanon Baptist Church. Their communication was very good, and we appreciate how they partnered with us to find cost savings and to address some existing conditions that were identified throughout the project. RTF definitely puts the customer's interests at the forefront. If I had the opportunity to do it all over again, I would have brought RTF into the process sooner to identify even more opportunities to improve our plans, as their expertise was invaluable.

Our church renovated approximately 14K ft of space, which addressed several types of spaces: New pastoral offices, expansion and renovation of our children's wing, restroom and hallway renovations, and a new coffee & hospitality space. Blake Wade, the project superintendent, was very helpful, accessible, and responsive throughout the project.

We are grateful to have found RTF Construction to complete our project in 2024.

Sincerely,

Kyle Emerson

Building Committee, Chairman
Lebanon Baptist Church
