Mike Hutton
Vice President
Peachtree Presbyterian

To Whom it may concern:

Brad Michalove
Treasurer
Board Member

We the Board of Directors and Staff of Clifton Sanctuary Ministries would like to express our thanks to RTF Construction for the reconstruction of our sanctuary after extensive fire damage to the structure. They worked with us to develop and execute an effective and timely plan for the necessary demolition and subsequent reconstruction.

Eric Mjorud
Secretary
Pleasant Hill
Presbyterian

Carol Beckman
Mount Vernon
Presbyterian

The project was completed on schedule and within budget. They worked on our behalf to obtain the required permits from the City of Atlanta and to provide the necessary documentation for the insurance company. They also worked with our staff to achieve the optimal space usage. This included new construction for our office space, laundry, kitchen and bathrooms. The remainder of the building was refurbished to effectively remove all traces of smoke and water damage.
